In order to use an icon you must attribute it to it's author, so we will be able to continue creating new graphic resources every day.

Icon made by [author link] from [www.flaticon.com](http://www.flaticon.com)

E.g.: Icon made by [Freepik](#) from [www.flaticon.com](http://www.flaticon.com)

### How to attribute it?

#### For websites:

Insert the attribution on the page of the icon (for example in the page footer) or on the imprint page.

#### For printing:

Paste this attribution on the final work so the authorship is known (for instance, in the acknowledgements chapter of a book)

#### For app's:

Place the attribution on the credits/description page of the application.

## How do I insert correctly the attribution? – Flaticon

Oke..... HOW does this work?  
I want to use the icons, but i can't. I use them for presentations.  
I want to accredit the author, but HOW can i do that?

Still nog able to use any icons.

Please advise
